

# DON'T EAT JACK

**Directions:** Place one piece of candy or small food, like cereal or popcorn, on each jack-o-lantern. Choose one person to leave the room. The rest of the group needs to secretly decide which jack-o-lantern will be Jack. Invite the person that left back into the room. Don't tell who Jack is! The person starts eating candy off of the jack-o-lanterns one by one. If they pick up the candy on Jack, the group yells "Don't Eat Jack!". Hopefully they snuck a few pieces before they got caught! Pick a new person to leave and start again.
